SUMMARY

As an enthusiastic and evolving Frontend web Developer, I am actively seeking opportunities to contribute my skills and creativity to a collaborative development team. I am particularly interested in joining a team where I can leverage my current project experience to craft intuitive and visually appealing user interfaces, while continuously expanding my skill set in the field of web development. With a strong foundation in REACT and JAVASCRIPT.

SKILL SET

Programming Languages : JavaScript , HTML , CSS

Frameworks / Libraries : React.js , Redux , Tailwind CSS

Version Control System : Git

Soft Skills : Problem Solving , Communication , Adaptability , etc.

PROJECTS

Personal Portfolio

Jun 2025

Tools : HTML , CSS , JavaScript , React.js , Tailwind CSS

[Live Link](#)

- Explored modern web design principles and enhanced skills in building interactive,visually engaging UI components.
- Incorporated smooth animations and dynamic effects to elevate user experience.
- Designed a fully responsive portfolio that adapts seamlessly across all screen sizes and devices.

To-Do List

May 2025

Tools : HTML , CSS , JavaScript , React.js , Tailwind CSS

[Live Link](#)

- Developed a responsive To-Do application with full CRUD (Create, Read, Update, Delete) functionality to enable efficient task management.
- Implemented state management and a utility-first UI to ensure smooth task handling across all devices.
- Aimed to deepen understanding of React's state management, practice building real-world user interfaces, and enhance frontend development skills through hands-on experience with modern technologies.

Weather App

Apr 2025

Tools : HTML , CSS , JavaScript , React.js

[Live Link](#)

- Developed a Weather App to display real-time weather information based on user input.
- Implemented asynchronous data fetching with the Fetch API to retrieve live weather data from external APIs.
- Designed a fully responsive layout to ensure smooth functionality and consistent user experience across all screen sizes and devices.
- Built to strengthen understanding of API integration, asynchronous JavaScript, and responsive design principles in a real-world context.
